

# Dynamic Dance Company

(Movement Dance & Fitness' Competition Team)

Being part of a competition team is a great experience and comes with great responsibility.

There is a significant amount of time and work involved in addition to the financial responsibilities. We value the process, not just the awards at the end, and we encourage all team members to appreciate all accomplishments, no matter how small. Students exposed to a competitive team learn that, no matter the results, the important thing is that they perform to the best of their abilities, while gaining confidence, self-discipline, improving their technique, and having fun in the process.
